

AFTER GAME, HOMECOMING, WINTER FORMAL, VALENTINE, AND PROM DANCES

Why Us For Your Dances? - Because We Are The Best!

We are one of the best most responsible and ethical DJ entertainment companies in business since the late 80s. All of our DJs are young hip, energetic, interactive, and well trained professionals to rock your crowd.

When you hire our company for the dance it will be the biggest, best most moving event you have been to. The music will be crisp while at the same time shaking the room with thunderous base. The lighting is all led computer controlled lighting that has the most vibrant and sweet looking colors transforming the dance are like candy.

All of our equipment is now eco friendly because we are thinking about the environment. What this also means is no more having the DJ blowing a circuit of power.

In short, We Bring The Party! In a very responsible but fun way.
